Leadership Clear Lake was an invaluable experience that helped me to identify and improve upon my leadership skill set, establish long-lasting relationships with classmates, and learn from some of the most influential leaders in our area. As a result, I have become a stronger leader within my company, within the Chamber of Commerce and within the community.

-J.P. Morris, Executive Board of Directors, Vice President/Relationship Manager, Texas Citizen's Bank, Class of 2014-2015

Leadership Clear Lake was an amazing experience for me. It not only taught me leadership skills, but

helped me to learn about myself as a person, my leadership style, and how to work with others based on my personality profile in order to maximize my potential in my company and my team's success. Being a small business owner, personal and team development helped me to increase my profits, increase work satisfaction among my employees, and helped me to achieve my business goals for this year and beyond. I would highly recommend Leadership Clear Lake to anyone if they are looking to take their business and/or team to the next level. - Amber Brown, Owner & CEO, I.V. League Tutoring, Class of 2016-2017

I cannot speak enough to the importance and impact that Leadership Clear Lake has had not only in my professional career, but also my personal life. It was such an amazing opportunity to learn from fellow classmates and to go out into the community and learn firsthand from various community leaders. Having the opportunity to participate in this class has helped me in my leadership role at work and opened other amazing avenues for me to help serve and lead. It doesn't matter if you have been working for 25 years or just beginning, Leadership Clear Lake has something to offer.
