

# Sandra Mossman

*She has held just about every possible role in Clear Creek Independent School District from parent to superintendent and most everything in between. In all her roles, she held a staunch belief in people's abilities and felt the call of **SERVICE** to them and the community. The same holds true in her new, yet busy, life in "retirement." Sandra Mossman was known for her statement, "It is a great day in CCISD," and it remains so thanks in part to her long-lasting influence.*
